our offers include writing & providing a risk analysis, operating procedures.

Our staff also has all the necessary training certificates for the position of rope technician and training required on site as well as a control sheet for their up-to-date equipment (attestation on request).

Night Time Surcharge: X1.5

Saturday increase: X1.25

Sunday and public holidays: X2

The waiting hours due to the customer (independent of NAD) of a team of two cordists, excluding equipment, will be charged at the hourly rate of 105€ HT. In the event, or this service would be cancelled for a reason independent of NAD a minimum billing of 420€/day and per technician will be applied.

Following the request for a planning of a project by the customer (following constraints such as technical stoppages or other), if the weather conditions are unfavourable that day, the estimate will be invoiced in its entirety.

Any cancellation by the customer within the 5 days preceding the intervention may give rise to the application of a penalty of 20% of the amount of the programmed service.

any cancellation on the day of the intervention or within 24 hours, or in the event of impossibility of service due to a cause attributable to the client, will give rise to a flat-rate invoice from NAD equal to 100% of the amount of the service cancelled or to be reprogrammed.

NAD benefits are covered by the AXA insurance company.

RC Contract No. 6092162804

Death Liability Contract Number: 7485595004
